## BOOKING YOUR SESSION

---

I require a \$50 nonrefundable deposit to secure your session date and time. It locks and reserves that time for that period and will be taken out of the total amount during the final payment.

The remainder of the payment and other fees will be due by the day of the session. You will receive an invoice through your email that explains the steps further!

Jenny took our family pictures and did an amazing job. She not only made my two young children feel comfortable but went out of her way to bring bubbles to entertain them while she took pictures of my husband and myself. Jenny was so easy to communicate with and also arrived early just so she could find the perfect location to shoot. We would highly recommend Jenny and we can't wait for our next shoot!

## RECEIVING THE PHOTOS

---

1. Provide us your email and within two weeks, you will receive an email through PASS, an online photo gallery, with all your photos.
2. Download your photos within two weeks of receiving your photos. I clean out my client files every few months, so please make sure you have them backed up!

Q: Do I get to select my images?

A: Part of my job is making the image selects and choosing the best photographs possible. The images I don't deliver are either repeats, out of focus, or shots of you blinking. I have no reason to withhold any additional images!

## CONSULTATION CALL

---

In order to make sure you and I are on the same page, I offer one 15 min consultation session where I will guide you along deciding locations, must have poses, or outfit ideas.

## 01 Contact Form

---

Fill out the [contact form](#) and I will email you a brochure to choose which package and any add-ons you are interested in to get an estimate of the investment (doesn't have to be exact, can be adjusted later!)

## 02 Schedule

---

I will send you a scheduler of my availabilities, so you can find the date and time that works for both of us! Once that's confirmed, you will get a contract and an invoice with the retainer to secure your date and shoot.

## 03 Plan together

---

Whenever you need, I offer a 15 min consultation call via Google Meet (or if you're close by I'll treat you to boba) where I give some tips or ask finalizing questions before the shoot.

## 04 Enjoy

---

I shoot, I deliver. I typically deliver my fully edited photos within 2 weeks. Sit back with some tea and watch the photos in slideshow mode and get back in the feels!
